Journal entry

This inhabitant of a hut near the quarry had one of the oddest jobs I have ever heard of. Namely, Elthon served as a purchasing agent for a collector of [harpy feathers](#), offering the [witcher](#) generous sums for pinions and retrices picked from the carcasses of [harpies](#).

As it turned out, Elthon was not buying feathers for a collector but for himself. With the sackful of plumage [Geralt](#) supplied, he finally fulfilled his dream of transforming himself from an ugly duckling into a swan, or more precisely a queen harpy.
